

**EDITOR'S MESSAGE**

By Rhonda K. Levinson

Well, I don't know about anyone else who attended convention, but I came away with a lot to think about! The speakers were very good and Martha Kunkle and Angela Gambill are to be congratulated on putting together such interesting and informative talks.

My entire family attended with me, and my son made a lot of interesting observations about our group. It was fun to see how someone "outside" perceives us. The most interesting thing was what my son said during the awards ceremony. He watched while Trish Cleveland clapped and hugged me when Maxi's first place in CP was announced (she was seated near us). He watched while I clapped and cheered for Sarah Garcia and Trish, who placed above me. Then, he leaned over and commented how no one in the room was all that competitive. I was shocked! This is a group of the MOST competitive, perfectionist, OCD'ing people I know! I pointed that out to him and then he asked me why we were all so happy to get beaten? He pointed out that when he loses at basketball or another sport, he will clap and be a good sport about losing. However, he is certainly not happy about getting beaten, while the NATRC people he was watching, including the Open riders, all looked genuinely happy to be beaten. I looked over at Trish and Sarah and realized that I really AM happy for them, and I thought that they really were happy for me as well. I tried to explain to my son that it wasn't about being happy to have gotten third, or fourth, or whatever, it was about being happy that a friend was able to do so well and get first.

In trying to explain to my son how I could be happy that someone else did well, while still striving to do better myself, I was wishing that he had made this comment BEFORE the "Why I Love NATRC" contest! Because this situation illustrated what I love best about NATRC and Region 6: someone else doing well does not diminish our achievements and we are all happy when any one of us does well. This is (for the most part) a loving and supportive family and when one person improves and does well, all are happy for that person, and it does not detract from anyone else's accomplishment. That is why I love NATRC, and Region 6 in particular, and I hope everyone has a wonderful year full of achieving all of your goals!

**PRESIDENT'S MESSAGE**

By Sarah J. Garcia

Well everyone, another ride season is rapidly approaching and not only do I get to look forward to riding my first true Open season but also being the President of our awesome Region...lots of firsts this year! With our outgoing and dedicated former President Cheri Jeffcoat preceding me, I've got some big shoes to fill but I will do my best. I've got a great support system (including Cheri...she had to know she wouldn't get away that easily!), board of directors, and all of the membership. It is an honor for me to be able to serve Region 6 and give back to the sport that has given me so much in the past couple of years and for the bulk of my childhood. I am very passionate about our sport and the endless opportunities for camaraderie, good horsemanship/sportsmanship and the ongoing education it presents.

For those of you who don't know me very well, I will give a brief introduction of myself and my history with NATRC. I celebrated my 10<sup>th</sup> birthday March 23<sup>rd</sup>, 1988 and competed in my first CTR the following month at the Rock Creek Station CTR near Fairbury, NE. My great friend and "Horse Mom" Joyce Jensen was the brave soul who hauled my horse and I to rides and NECTRA meetings because I did not grow up in a horse crazy family. Joyce not only hauled me to the rides but had also given me the sweet Palomino mare Nici that carried me so many safe and happy miles. After that weekend in April of 1988 I was hooked on CTR.

After a hiatus from 1998 to 2004 due to my service in the U.S. Marine Corps and a growing family, I returned to Nebraska permanently with my husband and two children and got involved with CTR once again secretarying for judges, working P & R's and even riding a couple of rides. After a streak of bad luck finding a compatible horse to ride, my good friend Christina Lyons offered me her horse Phoenix to ride. This very special horse gave me a wonderful 2007 season allowing me to be an active competitor, build new friendships, rekindle old friendships and enjoy miles of beautiful trails throughout the region.

Thank you to Martha Kunkle, Angela Gambill and the entire ITRA crew for putting on a great convention in Iowa...a lot of time and effort goes into planning the convention as I learned last year. It was great to see everyone again and now I'm "chomping at the bit" to get riding. As we head into the 2008 ride season, I look forward to riding and working with you all...see you on the trail!

### CONVENTION SPEAKERS ENTERTAINING & EDUCATIONAL

Martha Kunkle and Angela Gambill know their audience well! They chose speakers who could discuss subjects near and dear to our hearts. The day started off with Jeff Ridley, a journeyman farrier. Initially, it seemed like bad news that his power point presentation did not work, but it really turned out to be good news because he spent the rest of his time answering our questions. Mr. Ridley was patient and thorough in answering all the questions put to him. I received the excellent news that forging "doesn't hurt a thing." But then, Mr. Ridley laughed when I asked for that information in writing to give to the vet judges! He seemed to think I was kidding. Hmm. He must not have gotten that memo about what a competitive, perfectionist, OCD'ing group we are.

We were given an option of going outside in the -10° weather to see the back of the track, or staying inside and listening to a presentation on the mounted search and rescue group with which Norma Newton has been participating. I'm not a wimp or anything, but Norma was REALLY interesting. Really, that's the only reason a big group of us stayed inside. Really. I heard that the backside of the track was quite interesting also and not as cold as expected.

After lunch, we had presentations on the racing industry and nutrition for competition. Both were quite interesting and gave us new things to consider.

### A THANK YOU TO REGION 6

### CORRECTIONS – NOVEMBER & DECEMBER 2007 NEWSLETTERS

In the article “Notes from NBOD meeting November 9-10, 2007” we reported that Cheri Jeffcoat accepted appointment as National Membership Chair from President, Ray Brezina; Cheri did not accept this appointment.

Region 6 Horse Awards, Novice Heavyweight Horse, 6th place should have read Sir Timothy Gold / Tamara Andre.

### 2008 RIDE BOOK - CORRECTIONS/CHANGES

There is an error in the ride book involving the Kanopolis Region 6 Benefit Ride. The ride book states that you can call the State Park to make a reservation for a campsite, pay a reservation fee in advance, and pay the rest of the camping fees when you arrive. The Park has notified us that **all** camp fees must be paid in advance in order to make a reservation. Also, please keep in mind that your annual Kansas park permit may be purchased at a discount prior to April 1, 2008.

In addition, the Rustlers & Renegades Roundup Ride at Big Hill, May 17-18, has been cancelled.

### INSURANCE MESSAGE FROM NATRC EXECUTIVE DIRECTOR

I have been talking with Diane Leshner at Equisure. The age limit for NATRC's Accident policy is now 75. Under our accident medical policy, the policy provisions limit the coverage to age 12 to 75. Folks over 75 would need to rely on their personal insurance. I know we hate to lose a volunteer, but if they would prefer not to rely on their own insurance, then they should not volunteer.

Keep in mind that we are one of the few organizations that actually offer an accident policy to our volunteers. We are fortunate to have that coverage. In many horse activities, the volunteers are on their own for insurance, regardless of age.

NATRC has two policies:

- 1) The event liability policy covers third party bodily injury and property damage. Those covered under the policy are NATRC, the event manager, the committee members, officials and event landowners (that have been added by written request). There is no age limit - it is to defend those covered under the policy for something they may be negligent or legally liable for.
- 2) The accident medical policy covers volunteers and officials age (12 to 75) for accidental bodily injury resulting in death or disablement while at a covered event (a ride).

Hope this clarifies things a bit.

### NATRC STUDENT LOAN PROGRAM

Student loans are available up to \$5,000 per person per year, at the discretion of the National Board of Directors, after proper application has been submitted. For an application, contact the NATRC Executive Administrator at [natrc@natrc.org](mailto:natrc@natrc.org). Please complete the form in Word 2003 and submit via email to the NATRC Executive Administrator at [natrc@natrc.org](mailto:natrc@natrc.org).

Preference will be given to a full-time student who has been a member of NATRC or whose family has been an active member for at least three years. Consideration will also be given to a student or a student's family who has been an active member of NATRC for less than three years but more than six months. A loan will be made based upon financial need, scholastic achievement, and character of the applicant as determined by the Student Loan/Scholarship Committee.

The loan is to be repaid in monthly installments beginning not later than six months following graduation or when the recipient ceases to be a full-time student. An annual interest rate of 3% will be charged starting at graduation or when the recipient ceases to be a full-time student.

**DIAMOND OF THE YEAR – TRISH!**

We had two nominations for the Diamond of the Year for 2007, Trish Cleveland and Florence Banks. In what we're sure was a very difficult decision, the committee selected Trish Cleveland as the Diamond of the Year.

Trish Cleveland

If you ever heard someone yelling "Bigger circles girl!" or "Get that horse moving!" at check-in or check-out, you will know whom our nomination is, Trish Cleveland.

Trish was just starting a young Spanish Mustang, Mocha, competing in CP when we started into NATRC; somehow fate brought us together. After the first several rides on our own, we joined Trish and Mocha to complete our first ride season. What we really found was a great mentor. Trish even made time to meet us at Tuttle Creek for a day ride, pointing out trails that are used and different obstacles. Trish took us under her wing; we're not sure Trish knew what she was getting herself into. Trish went above and beyond anything we ever expected.

Before the 2007 ride season started, she teamed up with the wonderful Cheri Jeffcoat for a "mini clinic" at her home. It was a cold and drizzly day. The first thing Trish did was to show us what not to do with someone else's truck and trailer by getting Cheri's stuck! After the first lesson, they worked with our horses and us. Starting on the ground and then mounting and mounting some more, walking, trotting, obstacles, learning about quiet hands and much, much more. We were given homework to work on. We did listen and actually learned some of what was drilled into us.

At rides Trish spent many evenings after briefings showing us how to figure times and mark our maps and of course we heard stories from both Trish and Gary. Riding with Trish was never boring; we never strayed from the trail (at least by much) and we always had great talks.

So next year when Trish and Mocha move to Open, we will be able to ride in their hoof prints, well, to the best of our abilities! Good luck to Trish and Mocha. Frick and Frack, Marilyn Marston and Marla Stucky.

Florence Blanks

Florence Blanks drove to Whispering Pines CTR just to volunteer. He also brought an air compressor and impact wrench (just in case anyone needed them). When he noticed me changing a tire on my trailer, he whizzed in and whoosh, the job was done for me!

This is just one example of Florence's wonderful attitude of friendly service; always with a smile and a hug and maybe some teasing for my girls. I'm glad Florence chooses to be a part of the Region 6 NATRC family. Over the many years he has repeatedly brightened my rides with his wonderful attitude.

What a great example Florence is to all of us. Florence, we love you! Lucy Hirsch.

### SPONSORSHIP OF 2007 TEAM AWARDS

It would be a good thing to write a thank-you note to the person who sponsored your R6 team award. A label is on the back of your ribbon with the sponsors' name and address. No sponsorship label on the back of your ribbon? Region 6 sponsored those. Congratulations to all our competitors and our R6 team winners.

Your Region 6 Board of Directors
